23rd November 2017

Dear Bishop

Thank you for your letter of 9<sup>th</sup> November.

As you know, I am represented by the Medical Defence Union, and they have liaised with you about provision of documentation.

I understand that they have undertaken a thorough search of the documents.

You will be aware that I do not waive legal privilege, and it follows that I assert that as the reason why material which is privileged is not provided. I am aware that the MDU wrote to you in detail about that. I am concerned though that you should have access to the statements of factual witnesses which would not otherwise be available to you, and understand that the statements of the witnesses who have given consent to disclosure have been made available to the Panel.

The remaining documents which are not privileged would be available from other sources, and I understand you have kindly not sought their production given that there would be an unnecessary duplication.

Yours Sincerely
