Dear Iain

Gosport

The Sunday Telegraph have been in contact with me to ask for your contact details. I said I could not give them out directly but would pass on their details in case you want to talk to them. The details are:

Chris Jeffreys or Mr Hastings on **Code A**

I would also just like to say we at AvMA have been thinking of you and the other families and what you have been going through. As well as feeling vindicated by the verdict you must also be drained. As I have been saying in my media briefings, I think we and the wider public owe a debt of gratitude to you and the other families for sticking to your guns and ensuring at least some of the issues about Gosport have come to light.

I will be in touch with you shortly about what can be done next, and whether AvMA can be of assistance.

Yours sincerely
