Hi John,
 I hope my trial will be over on Monday. I can definitely talk between 1-2 pm. Would that work?
 Thanks

Hi! Thanks

It will be a bit tricky for me to get to look at this today. Is there a time on Monday we could speak please.

Two main problems with Prof Livesley :-

- We cannot find him
- I am not sure he would want to be involved but have no definitive source on that.

Could we set a time for Monday please. How about early afternoon.

Best wishes

Subject: Advice in Richards

Hi John,

Please find attached my advice in Ms Richards' case. I wonder can we have a chat about it. I would welcome any thoughts you have on it, particularly regarding how I describe the Coroner's position.

I would also like to discuss the possibility of getting funding for Prof Livesley to come if the LSC won't fund Prof Forrest. This might simply be better because there is always a risk Prof Forrest will produce something watered down like Prof Black.

Is there a particular reason the Coroner would not allow Livesley to attend at our/LSC expense? If we got the funding and he refused, we could perhaps JR him, in view of his intimation that we are free to call our own expert.

I could redraft the advice to ask for funding for Forrest or the attendance of Livesley in the alternative.

I would welcome any thoughts. My mobile is and I am in court this afternoon, but free to talk any other time.

Kind regards
