Thank you for writing to me following the publication of Professor Baker's review of deaths at Gosport War Memorial Hospital between 1988 and 2000.

I realise that this is a difficult time for many of the families of elderly patients who died at GWMH. I am pleased however, that after 10 years of waiting, they can finally learn of the contents of Professor Baker's report.

I have been in regular contact with my colleagues at the Department of Health and I welcome the minister's commitment to hold a meeting with concerned families. I am in contact with the Minister of State's office and will of course keep you updated with details of any proposed meeting.

I hope that this information is useful and thank you once again for taking the time to write to me.
