Dear Ms Baker

In response to your telephone call of Monday 15 July, please find enclosed a copy of the Commission for Health Improvement's recently published investigation report into the Gosport War Memorial Hospital.

Please accept my apologies for the late receipt of your copy of the report.

Immediately on publication, a large batch was sent to the Healthcare Trust for distribution to all staff members who gave their time to the investigation, and I am informed that the Trust are still in the process of passing these on.

Again, my apologies for any inconvenience this may have caused and trust that you will read the report with interest.

Yours sincerely

Claire Harris
Assistant Investigations Coordinator
