Hi Terry

Apologies for not having replied sooner - I was on leave.

With regards to the incident below - the last contact with Hampshire Partnership Trust services was as an outpatient on the 7 January 2005.

The incident involved a young man killing his father whilst apparently under the influence of drink. The court case has not commenced yet so we dont know the plea that will be entered. However I think there is a likelihood that an inquiry will be required because he did have contact with mh services within XXXXXXXXXX months of the incident. Regards

PS by way of copy of this email I am asking Joan to let you know the number of months ( as I cant remember ) ! )

I am working with Dr Jenifer Smith to pull together a report for the 13 June Strategic Health Authority Board meeting on the transfer of responsibilities for Mental Health Inquiries (subject to HSG 94(27) as at end May 2006).

When we met on the 10 May to discuss WA you mentioned that you would kindly check the details regarding the Havant murder to see if an Independent Inquiry was required. It would be helpful if you could update me on your current thinking in respect of this Serious Untoward Incident so that I can either include the incident within the report going to the Board or remove it from our list for handover. I am due to meet with Jenifer on Tuesday to finalise the report. Apologies for short notice.
