Can you keep searching through the Board reports on the system. I am trying to locate the report commissioning the inquiry + appointing the chair + Lyndsey Kemp as I need to extract her CV. Thanks T.

Terry

Code A has found the March 2003 Board paper and taken a copy round to Code A. Please let me know if you'd like this to be scanned and e-mailed to you.

Kind regards,

I can't access my search on windows - could you do a search on the 'G' drive for Kemp and see what comes up. Thanks.

Code A

I am trying to locate an Strategic Health Authority part 2 Board report appointing Dr Lindsey Kemp as the Consultant Psychiatrist on the RS Inquiry Panel, as I need to get her biographical details and I don't want to have to pull the records from BOX-It as it will cost us. I think the report went to the 11 March 2003 Strategic Health Authority Board or round about that time.

Could you please locate report and let me have a copy. Thanks.

Terry
