Sent on behalf of Terry Renshaw:

We have a mental health homicide from within our "current" geographical area that we need to seek an independent scrutiny of the inquiry they have already carried out which used external professionals.

Code A from Thames Valley Strategic Health Authority has provided me with your contact details and has recommended you to us as I understand you have in the past undertaken some work for him in this capacity.

I have attached a copy of the latest draft of the terms of reference for the External Review into the Death of Code A Code A on 2 December 2004 and should be grateful if you would let me know if you would be interested in undertaking this piece of work for us.

If you would like to discuss the incident in more detail before making your decision I should be grateful if you would contact Dr Jenifer Smith, Consultant in Public Health/Deputy Medical Director, on Code A and at Code A or, alternatively, myself.

I look forward to hearing from you.
