

5.12.06.

Dr Yeandle,

We visited Mr Ripley this am -  
 (discharged F4 yesterday.)  
 O/E x2 pressure sores on his  
 sacrum which hospital seemed  
 unaware of when I rang  
 them earlier! These have  
 been dressed and we will  
 order pressure relieving  
 equipment & continue to  
 visit.

I also noticed mouth very  
 sore - on difflam mouthwash  
 & nystatin.

Ankles also oedematous which  
 he says is not usual for him -  
 on frusemide 20mg o.d.

Regards
