Please refer to statement 41 Paule RIPLEY ( an unusual spelling I know) she was informed by a female doctor, not named in the statement that the husband had suffered an analgesia overdose.. Was this Dr BARTON?..

She was given the same information during a visit to the hospital ..by whom?..

Also.. Was Mrs RIPLEY spoken to by a consultant at any stage..

S.40 James RIPLEY.. How has his health been since April 2000 .. And his quality of life as a survivor..if you like an impact survival statement..

Thanks.DW.
