Dave

As per our conversation yesterday I would be grateful to have copies of the following:

- Copies of all Professor Livesley's Reports
- Professor Fords Report - covers four other referred cases and published Dec 2001
- Dr Mundy's report - covers same four patients and published Nov 2001
- Copy of CHI's Report into GWMH - published March 2002
- Copies of letters from Paul Clark to Ford and Mundy in June 2001 - outlines terms of reference for their reports
- Any correspondence from General Medical Council to me or Ray Burt concerning the potential to suspend Dr Barton from practising as a Doctor

Many thanks - would hope to have it for Mon if possible - perhaps we could have a chat in there is a problem or there is any clarification required over the items above.

Regards

JJ
