I am the above named person and I live at the address above. I qualified as a nurse in 1996. In about February 1998 I worked for two weeks at the Gosport War Memorial Hospital on Bodelus ward.

I would say general patient care was not bad despite the ward being totally understaffed. This is really why I left.

I did not have any concerns about medical issues such as syringe drivers or diamorphine. I just didn't like the work. I have not been spoken with since today by the Police or any internal group.
