

RESTRICTED**STATEMENT****Number: S329V**

Statement Date	[06/JUN/2006]
Signed Name	[DBLACK]
Forename 1	[DAVID ANDREW]
Surname	[BLACK]

CONTENTS**1. INSTRUCTIONS**

To examine and comment upon the witness statements in the case of Sheila GREGORY. In particular, if they raise issues that would impact upon any expert witness report prepared.

2. DOCUMENTATION

This report is based on the following document:

2.1 Witness statements to the hospital care and death of Sheila GREGORY provided to me by the Hampshire Constabulary (June 2006). In total 21 statements.

2.2 Report regarding Sheila GREGORY (BJC/21) Dr D BLACK 1st November 2005.

3. COMMENTS**3.1 Comments on Witness Statement (2.1)**

3.1.1 I have read all the statements and the only new significant findings appear to have been that a single oral dose of Oramorphine was given on the 17th November not the 11th of November as stated in paragraph 5.15 of my report. The statements of Dr REID and Nurse HAMBLIN confirm the 17th.

4. CONCLUSION

4.1 Having read all the documents above provided by Hampshire Constabulary, I would only wish to make any change the date from the 11th to the 17th in paragraph 5.15 of my expert statement. This has no bearing on the conclusions.
