Dear Mrs Ward

As you are now aware the team of experts instructed by Hampshire Constabulary, having reviewed your relatives medical records, have decided that there are concerns about the care that your relative received.

Having received this information, it may be possible for you to pursue a claim for compensation against Portsmouth Healthcare NHS Trust for a clinical negligence/assault claim. I would be grateful if you could consider whether this is something that you might like to pursue and then contact my Assistant, [Code A] on [Code A] who will take some further details from you.

Once Lisa has obtained some basic information from you she will then pass these details to my Partner, [Code A] in our Solihull office who will then contact you to discuss the matter further. He has been working closely with me and is already assisting one of our clients in this case who is already investigating a potential claim.

If you have any queries regarding this then please do not hesitate to contact either Lisa or myself.

Kind Regards,
Yours sincerely
