Hi!

Re Gladys Richards (dec) - inquest

I write further to our suggestion that we will need to ask to rely upon a report from a medical expert at the inquest hearing. Attached is a copy of counsel's opinion advising that this is necessary. As you will see we consider that the coroner's choice of expert has an opinion significantly at variance with two other experts who provided evidence for the police and for the GMC respectively.

Please can you now treat this as a formal request that we may instruct an independent medical expert to prepare a report and attend for one day at the inquest.

I hope you are keeping well and look forward to hearing from you.

Best wishes

John
