Hi **Code A**

Sorry for not being in touch sooner. If simply assessing the value of work to be done on the case on the basis of previous cases would be problematic and the amount sought is too high it may be that the best way forward is to go with the Ministers decision and allow SCU to negotiate an appropriate figure between the two?

Hi John,

I was just wondering if you'd had any further thoughts on the costing for this case?

Many thanks,
Selma

Sorry, I have only just got to the matter we were discussing on Weds. The figure can be reduced re Counsel but sol is more difficult. I will consider it carefully try to call you on Monday.
