

NMC File Note

Subject: Gosport
Date: 25.6.08
Author: Clare Strickland

Telephone call from Sarah Ellson, FFW, on behalf of the GMC. They are writing to interested parties to confirm that, in light of the coroner's decision to hold inquests, the GMC will be postponing its proposed proceedings against Dr Barton (probably until early 2009). The coroner is holding a pre-inquiry meeting on 14.8.08.

SE also mentioned that, when reviewing the CHI material, she saw that CHI had publicly noted that the NMC was looking at prescribing issues.
