Subject: Request for an additional PPC meeting to be set up

This case relates to the Gosport War Memorial Hospital case. As my request does not fit into any form, I am using an email as a request.

We need to set up an additional Preliminary Proceedings Committee to solely consider this case.

Requirements

A whole day should be scheduled for this case. At a meeting last week we decided that it should be held in late September/early October.

Having looked over Tell Me, I would propose the week beginning 7 October 2009.

1. The panel

Could you establish whether the following panellists who are coming in for IC on 8 and 9 October 2009 would be prepared to come in on Monday 7 October. The panellists we are interested in are:

Code A

I propose to take [Code A] out of this request, as she may have had contact with a previous PPC. As such, I would be obliged if you could approach [Code A] to see if she could sit on 7 October.

If [Code A] agree to attend on 7 October, can you establish whether they would be free to attend a training session on 1993 ('Old') Rules case consideration on 23 July 2009. [Code A] and [Code A] are already scheduled to attend the training session.

2. Legal assessor

We will need one for 7 October 2009. For preference, can you establish whether Andrew Young would be available.

3. Shorthand writer

We will require one for 7 October 2009. I remain unclear as to how they will be employed on the day as a verbatim transcript will not be required.

Housekeeping

Please schedule the PPC hearing for consideration at Centrium. The supporting papers on this case run to 4 cupboards and we may need to refer to them.

There should be no need for a separate reading day to be set up. While the case concerns multiple registrants, the papers can be sent out to the members in advance with additional copies left for the panellists on their arrival. The only thing that would be tabled may be registrants responses.

While a whole day has been designated, should the panel finish early in the afternoon, we would propose that their papers for the IC on 9 October 2009 be given to them to read through.

~ * ~

Come back if you require further information/clarification or run into difficulties.

Thanks
