MESSAGE / INFORMATION

Mr **Code A** had left a message for me and I returned her call, in respect of my recent letter to her with medical consent form.

She explained that she was not due to meet her doctor until the end of the week. I explained that I did not need her to arrange to provide the report, but rather give her consent so that I could ask the doctor to provide a report on the basis of medical records.

She confirmed that she would complete the form and send it back today.
