**Cc:** Mellor Peter - Company Secretary  
**Subject:** RE: Nurses giiving evidence at GMC

Good afternoon

I can confirm that Betty Woodland will be supporting the staff from a RCN perspective.

HR are aware that out staff have been called to the hearing and I have been in contact with each member of staff to offer support and they are aware that they can contact me at any time. We have also ensured that they have adequate time off from work to prepare for and attend the GMC hearings

I will also meet with them once they have attended the GMC

Regards

Neil
