Ben Smith at PCT has copied me into the emails below. Apparently Betty Woodland (RCN rep) will be attending with them but they do not qualify for RCN legal representation. Do you think they need anything further from the Trust?

Hi Jackie,

I know I spoke to you about Shirley before the inquest.
I have not heard from her as yet.
Any chance you could check with her team leader whether she needs any assistance?
Thanks

Ben

Hi Ben

Do we (the PCT) need to ensure that Shirley has all the support from us that she needs? Please see below.

Many thanks,

Mark

Hi, below is the schedule of nurses giving evidence at the GMC and where they are currently employed:

June 16: Margaret Couchman – retired

June 19: Phillip Bede – HCHC

June 22: Lynne Barrett – retired

[Code A] – works in north east of country

June 23: [Code A] - PCPCT

June 24: Freda Shaw – PHT

June 25: Anita Tubritt – PHT

Beverley Turnbull – PHT

Betty Woodland (RCN rep) will be attending with all these witnesses but they will not be allowed legal representation from the RCN.

It is also worth noting that only three of these witnesses (Lynne Barrett, Anita Tubritt and Beverley Turnbull) gave evidence at the inquests so the new witnesses may provide new stories/quotes for the media to use.

kind regards,

Sara
