Dear David

I am sorry to have to bother you again but, please see emails below and the attachment and let me know if you have the old verbal orders policy (not sure what this is) and if there is a current one. Also you will see that they are looking for current policies/protocols re pain management and any updates in policies which touch Diamorphine, Midazolam and Chlorpromazine. Are you able to help please?

Sue Skye
Legal Services Manager

Hi. Yes policies are current policies. Re verbal orders policy counsel wanted the one (if there was one) in place in the late 1990's. If there is a current one then that would also be helpful to see.
