**Cc:** Wilks Pauline - Medical Secretary  
**Subject:** FW: Urgent request for more information for GWMH Inquests  
**Importance:** High  
**Sensitivity:** Confidential

Dear David and Ian

Please could either of you help with the urgent request below? I have only seen it today, as I was away yesterday.

Pauline - could you please bring this to the urgent attention of Dr Jarrett and Dr Reid (I don't know who his secretary is) please, as they need a response urgently for the Inquest that is currently going on.

Thanks very much.

Good morning Sue

Briony Ballard, our joint Counsel, has rung from the court asking for the following which relate to the info provided on Thursday/Friday. I have checked here and we don't have anything. Would you please try and obtain them from David Jarrett. They can be emailed to Briony as above.

- 1 a copy of the Policy on Emergency Use of Community Beds which was attached to the round robin email/memo that David sent to ward managers, etc, etc on 16<sup>th</sup> Feb 2000, so the Policy will be dated before or on that date.
- 2 A copy of a letter Jane Barton wrote to the Clinical Director probably before 22 Feb 2000. I guess that may have gone to Ian Reid and maybe David or Ian may have a copy.

The other question is whether Briony could have a conversation with David Jarrett to find out his views on the implications on GWMH of the Emergency use of beds issue at QAH? This would need to be very soon.

Briony – I hope I have summarised this correctly.
