**Subject:** RE: Urgent request for more information for GWMH Inquests  
**Sensitivity:** Confidential

I have recently been informed that Dr Reid is giving evidence at the GWMH Inquest today and possibly tomorrow, so I won't expect a response from him as presumably our lawyers will ask him the question personally.

Thanks

Dear David and Ian

Please could either of you help with the urgent request below? I have only seen it today, as I was away yesterday.

Pauline - could you please bring this to the urgent attention of Dr Jarrett and Dr Reid (I don't know who his secretary is) please, as they need a response urgently for the Inquest that is currently going on.

Thanks very much.
