Dear Mr Bailey

Today, the GMC allowed Dr Barton to continue to practise as a Doctor and not to be struck off after being found guilty of professional misconduct. This seems to be extremely lenient to me, my mother was a patient at the Gosport War Memorial and was totally neglected whilst she was there. Even if these cases were from some time ago I do not believe that time should make a difference, as you can never give back the time lost with a loved one.

I am sending this request, as I'm sure others will to ask the CHRE to challenge the decision made today. After all any one with professional misconduct should be dismissed instantly.

If I have sent this to the wrong person, could you please forward it to the correct person, and provide me with the correct contact details.

I still have faith that someone in the UK will sort out the injustice of the situation at the Gosport War Memorial Hospital, it is just finding the right person, otherwise what are all the professional bodies set up for, certainly not to protect the public.

I would like to thank you for help with this matter

Kind Regards

Maggie Ward
