Thank you for your response.

I can confirm that we will be considering the decision of the GMC's Fitness to Practise Panel of 29th January 2010 in the case of Dr Jane Barton under our standard procedures under Section 29 of the National Health Service Reform and Health Care Professions Act 2002. I can also confirm that we will take account of the information you have sent to us. Any appeal by CHRE to the High Court in this case would have to be lodged by 1 April 2010.

If you have any further information you would like us to take into consideration when reviewing this decision, please forward this to me as soon as possible.

We will let you know the outcome of our consideration.

Dear Miss Mills,

Please see the attached. I find this whole hearing and decision a complete travesty of justice.

Regards, Carl Jewell.

To the person concerned with the hearing on Dr Jane Barton.

As one of the concerned relatives, (my Aunt Mrs Enid Spurgin), I was disgusted when I heard the result of this enquiry and can only conclude that it is another case of the medical profession protecting it's own.

Why is it that we have only just heard of the two hundred people supporting Dr Barton. This has been going on for something like nine years and they have never come forward before.

How is it that in one breath the GMC can state that the woman is guilty of negligence and malpractice and yet not strike her off the register.

I find this yet another case of this sick government's inability to punish those in responsible positions in case it reflects badly on the systems they have instigated.

I trust the GMC will look again at the findings of this case and reach a just conclusion.
