Code A

Dear Jim / Bob

I can't remember exactly when but I have spoken to Peter Old , Bob Pennells and Jane Barton in that order earlier in the week.

I thought I had a constructive discussion with Peter Old . Bob Pennells was a little bemused as he had little detail but accepted my reassurance that what was happening was in line with what the LMC had agreed and indeed initiated with the HA in terms of the performance procedures.

I was also pleased to hear from Jane Barton that although she could do without it she did have every confidence in the way things were being handled by the LMC so a pat on the back for you Bob.

Keep in touch

Steve
